

The central vacuum adapted
to your lifestyle

Transform your daily life with **Elegance**, the ducted vacuum system that combines power and elegance for a clean and healthy environment.

The Drainvac Difference

At a time when nothing seems to be built to last, we are proud to be the exception to the rule!

Products that adapt to your decor

Elegance ducted vacuum systems combine functionality and design to blend seamlessly into your home decor. Their durable brushed aluminum canister adds a modern touch while maintaining its shine over time. The large, ergonomic handles ensure a comfortable grip and easy maintenance, making operation simple and convenient.

Reliability

Equipped with a reliable motor and corrosion-resistant housing, these units deliver consistent power and unparalleled durability, providing you with optimal performance every time.

More than 30 years later, many customers come back to upgrade their Drainvac system—a testament to its longevity and reliability.

Experience advanced
cleaning with central
vacuums suitable for
all homes!

Use the unit with or without a bag, the choice is yours!
No matter your preference, each unit comes with a bag
for added flexibility.*

*Available on all models except the 700 AW model.

90% designed by Canadian companies,
for a superior quality product!

The power you need,
every time.
