## CENTRAL VACUUMS

PERFORMANCE • RELIABILITY • HIGH-END PRODUCTS • EASY MAINTENANCE • QUIET

# RELIABLE. POWERFUL. VERSATILE.

MADE IN CANADA **SINCE 1982.**

More than 40 years ago, we started designing products to meet the stringent requirements of the commercial and industrial sectors. The application of our technologies for domestic use is your guarantee of satisfaction for years to come. The proven performance and reliability of our systems are recognized worldwide.

**We clean**  
up good!

## The Drainvac Method

- 1** Specialized, user-friendly tools such as the VacReel, the Vacpan and Wallyflex can be strategically installed throughout the building making all household chores easier.
- 2** There is nothing to carry, thus avoiding accidents that can lead to back pain.
- 3** With the unit installed far away, the noise is greatly reduced.

Drainvac offers a large range of products to meet your cleaning needs: **with compact or large-capacity units, with or without a bag, conventional or designed to pick up liquids.**

We also offer a wide range of tools and accessories: **turbo brushes, floor brushes for any kind of surface, animal brushes and much more!** For a complete list, please visit our website: **[www.drainvac.com](http://www.drainvac.com)**

## The Drainvac Difference

At a time when nothing seems to be built to last,  
we are proud to be the exception to the rule.

### Innovative Products

Drainvac designed and developed the first vacuum cleaning system with a patented automatic drain: the "Automatik" model. It works without a dust bag, nor a filter and the canister never needs to be emptied since the vacuumed materials are evacuated in the sanitary drain. It is virtually maintenance-free and also picks up liquids!

### Reliability

It sometimes takes 30 years before certain customers come back to us to replace their unit.

### Quiet Operation

Units are equipped with soundproof canisters that emit only 60 decibels (comparable to a conversation) and air outlets with mufflers: all innovations that decrease noise pollution.

### Time Saving

A fast and efficient service combined with units so powerful that you don't have to clean the same place twice: Drainvac saves you time.

## Improved Air Quality

### HEPA Filter

The exhaust-filter Activac 3 is an HEPA filtration system (*High Efficiency Particulate Air*) which can **clean 99.7% of airborne particles in a single passage.**

The Activac 3 is also equipped with an activated charcoal membrane to reduce bad odours.

# PRO SERIES

## MY FIRST SYSTEM

Vacuums solids

Operates with a bag

Permanent filter

Compact

3 500 ft<sup>2</sup>  
(325 m<sup>2</sup>)

MODEL	PRO106
POWER	600 AW
WATERLIFT	125 H <sub>2</sub> O
AIRFLOW	140 CFM
NOISE LEVEL	69 dB
VOLTAGE	108V - 120V
QTY. OF MOTORS	1
CAPACITY	Up to 3.75 imp. gal. (17 L)
HEIGHT	23" (58 cm)
DIAMETER	12" (30 cm)

SAC31

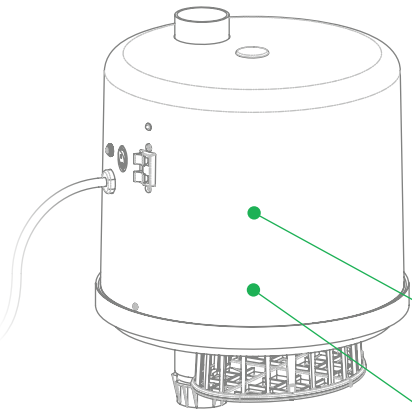

FILT30DVI

This model includes 1 dust bag and 1 cage filter. Exhaust filter or muffler sold separately.

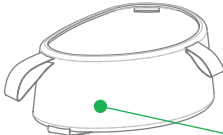

## Features

- When price matters: our most economical series.
- Compact model occupying little space (12 in / 30 cm diameter).
- Can be used with an Activac 3 exhaust filter or muffler, both sold separately.

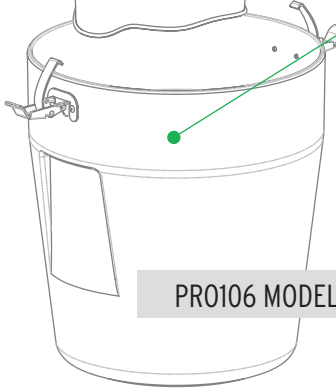

Casing made of polypropylene, resistant to impacts and lifetime warrantied. Made in Canada.

Circuit board made in Canada.

Permanent **SMS** filter and dust bag included.

A semitransparent canister allows you to see at a glance if the dust bag must be replaced.

PRO106 MODEL

Units of the PRO series operate with a bag. Improper use will void the warranty.

# S1000

SERIES

## LITTLE EXPERT

Vacuum solids

Operates with a bag

Permanent filter

Silent

Compact

3 500 ft²  
(325 m²)

MODEL	S1008
POWER	800 AW
WATERLIFT	138 H <sub>2</sub> O
AIRFLOW	138 CFM
NOISE LEVEL	60 dB
VOLTAGE	108V - 120V
QTY. OF MOTORS	1
CAPACITY	Up to 3.75 imp. gal. (17 L)
HEIGHT	23" (58 cm)
DIAMETER	12" (30 cm)

SAC31

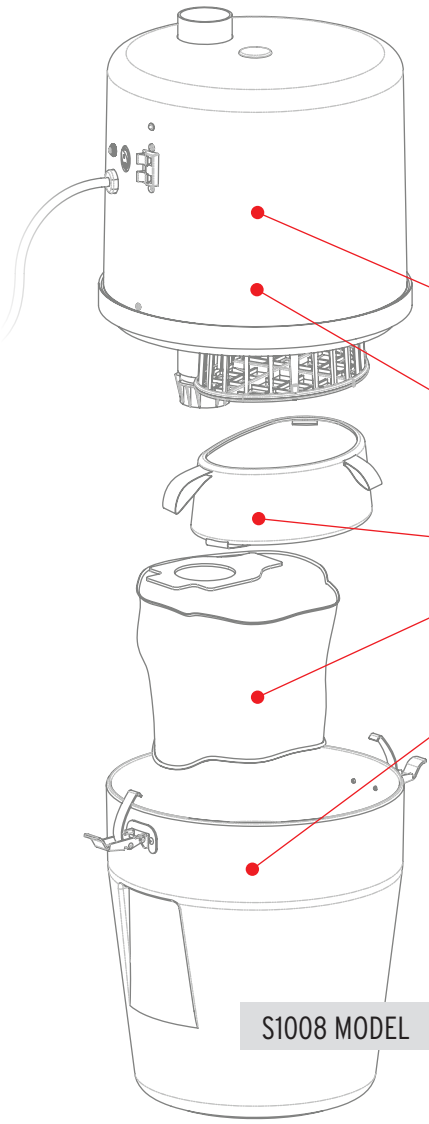

FILT30DVI

This model includes 1 dust bag, 1 cage filter and a muffler.

## Features

- A quiet motor: only 60 decibels.
- Muffler provided with the unit.
- Compact model occupying little space.

- Soundproof casing made of polypropylene, resistant to impacts and lifetime warrantied. Made in Canada.
- Circuit board made in Canada.
- Permanent **SMS** filter and dust bag included.
- A semitransparent tank allows you to see at a glance if the dust bag must be replaced.

S1008 MODEL

Units of the S1000 series operate with a bag. Improper use will void the warranty.

# DV AIR SERIES

## ELEGANCE BY DESIGN

- Vacuum solids
- Operates with a bag
- Permanent filter
- Silent
- 3 500 ft<sup>2</sup>  
(325 m<sup>2</sup>)
- Blends into your decor

MODEL	DV.AIR700
POWER	700 AW
WATERLIFT	138 H <sub>2</sub> O
AIRFLOW	138 CFM
NOISE LEVEL	60 dB
VOLTAGE	108V - 120V
QTY. OF MOTORS	1
CAPACITY	Up to 3.75 imp. gal. (17 L)
HEIGHT	26" (66 cm)
DIAMETER	12" (30 cm)

SAC31

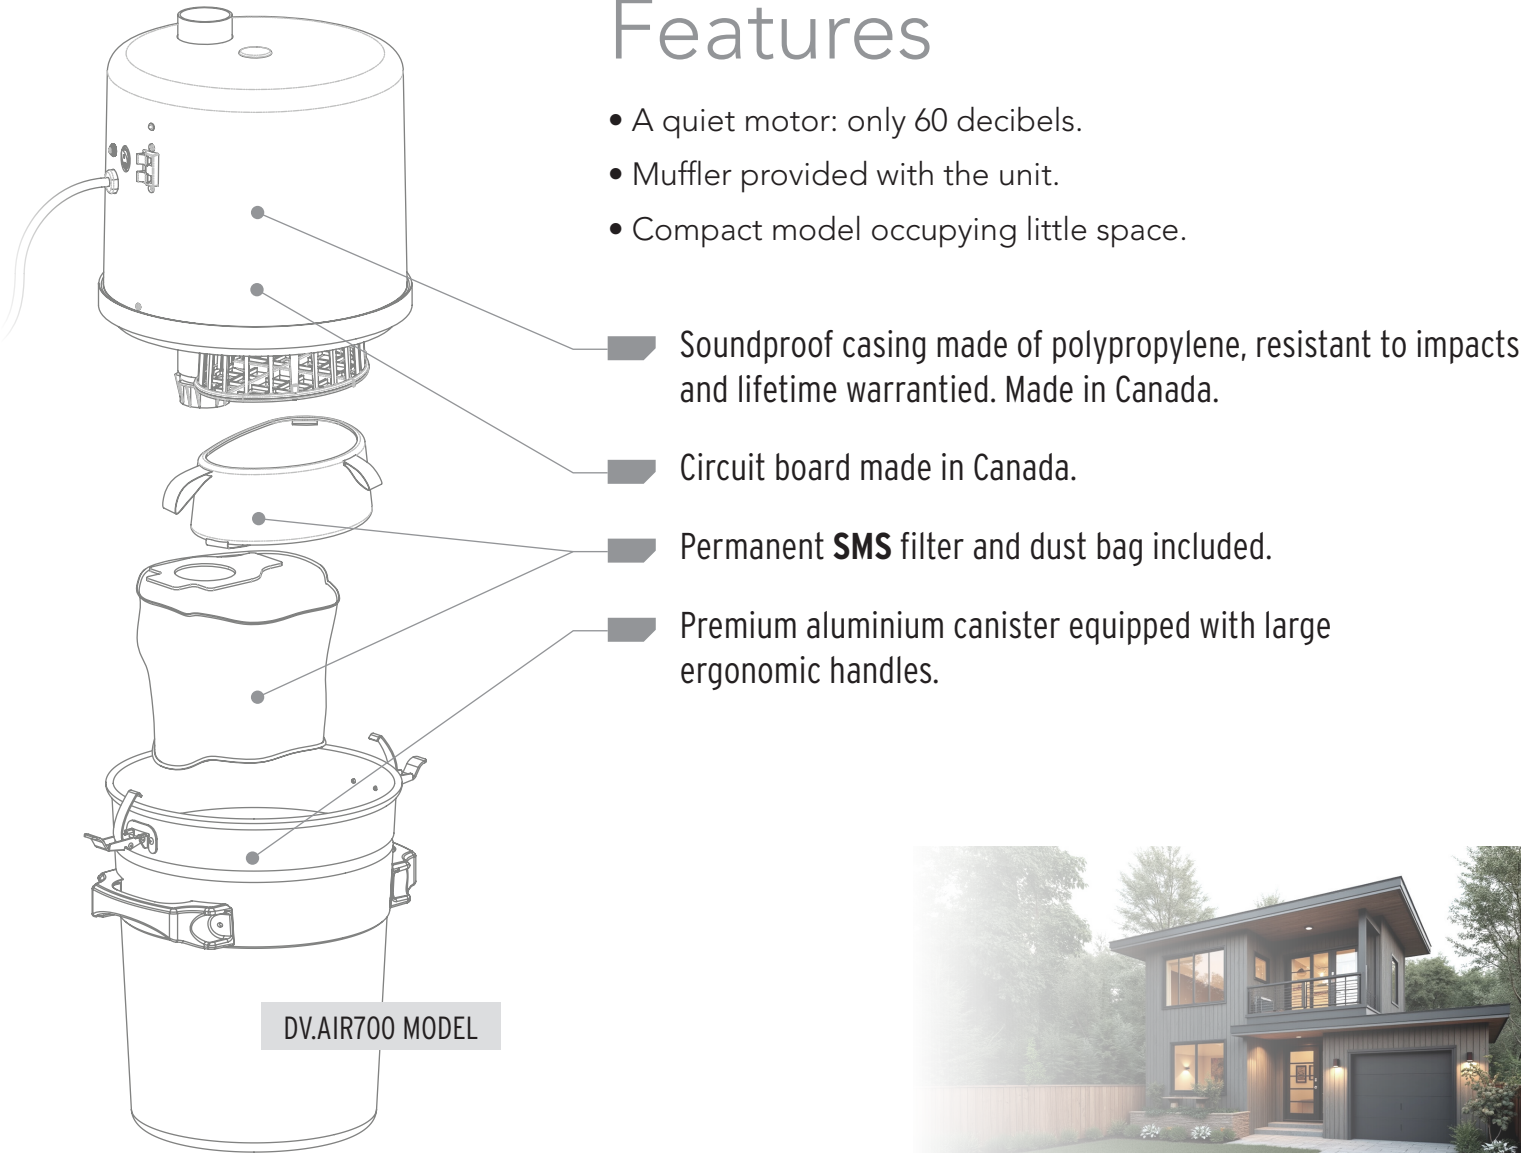

FILT30DVI

This model includes 1 dust bag, 1 cage filter and a muffler.

## Features

- A quiet motor: only 60 decibels.
- Muffler provided with the unit.
- Compact model occupying little space.

Units of the DV AIR series operate with a bag. Improper use will void the warranty.

# GENERATION 2

SERIES

## FOR LARGE SURFACES

- 

Vacuum solids
- 

Operates with a bag
- 

Permanent filter
- 

Silent
- 

Large capacity
- 

8 500 ft²  
(790 m²)

AIRFLOW	153 CFM	138 CFM	105 CFM	135 CFM
NOISE LEVEL	60 dB		70 dB	72 dB
VOLTAGE	108V - 120V			208V - 240V*
QTY. OF MOTORS	1		2	
CAPACITY	Up to 9 imp. gal. (41 L)			
HEIGHT	28" (70 cm)			
DIAMETER	15" (38 cm)			
BAG / FILTER	SAC20 / FILT07DVI	SAC32 / FILT33DVI	SAC20 / FILT07DVI	SAC20 / FILT07DVI

Models of the G2 series include 1 dust bag, 1 cage filter and a muffler.

## Features

- Models with 1 or 2 motors.
  - Quiet motor from 60 dB.
  - Muffler provided with the unit.
- Certain models are equipped with **AudioProteks** to reduce high frequencies.
- Soundproof casing made of polypropylene, resistant to impacts and lifetime warrantied. Made in Canada.
- Circuit board made in Canada.
- Permanent **SMS** filter and dust bag included.
- Large capacity tank.

\*Please note that model G2-2X5 requires 208V-220V of voltage.

Units of the GENERATION 2 series operate with a bag. Improper use will void the warranty.

# CYCLONIK SERIES

## HYBRID SYSTEM

Vacuums solids

Vacuums liquids

Permanent filter

Silent

Operates without a bag

Large capacity

9 500 ft<sup>2</sup>  
(880 m<sup>2</sup>)

MODEL	DV1R800	DV1R12-CT	DV1R15-CT
POWER	800 AW	700 AW	2 x 355 AW
WATERLIFT	138 H <sub>2</sub> O	145 H <sub>2</sub> O	160 H <sub>2</sub> O
AIRFLOW	138 CFM	136 CFM	111 CFM
NOISE LEVEL	60 dB	62 dB	70 dB
VOLTAGE	108V - 120V		
QTY. OF MOTORS	1		2
CAPACITY	10 imp. gal. (46 L)		
HEIGHT	38" (95 cm)		
DIAMETER	15" (38 cm)		
FILTER TYPE	Foam	Cartridge	

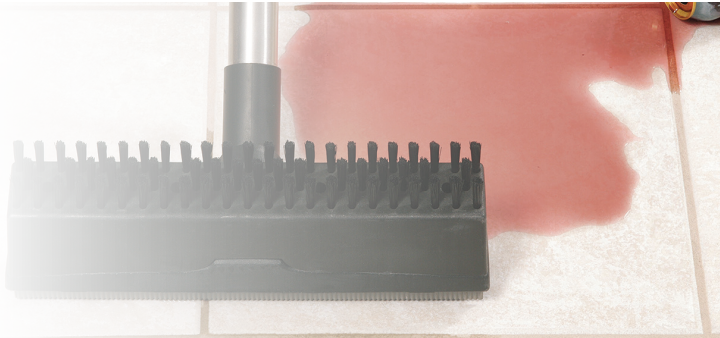

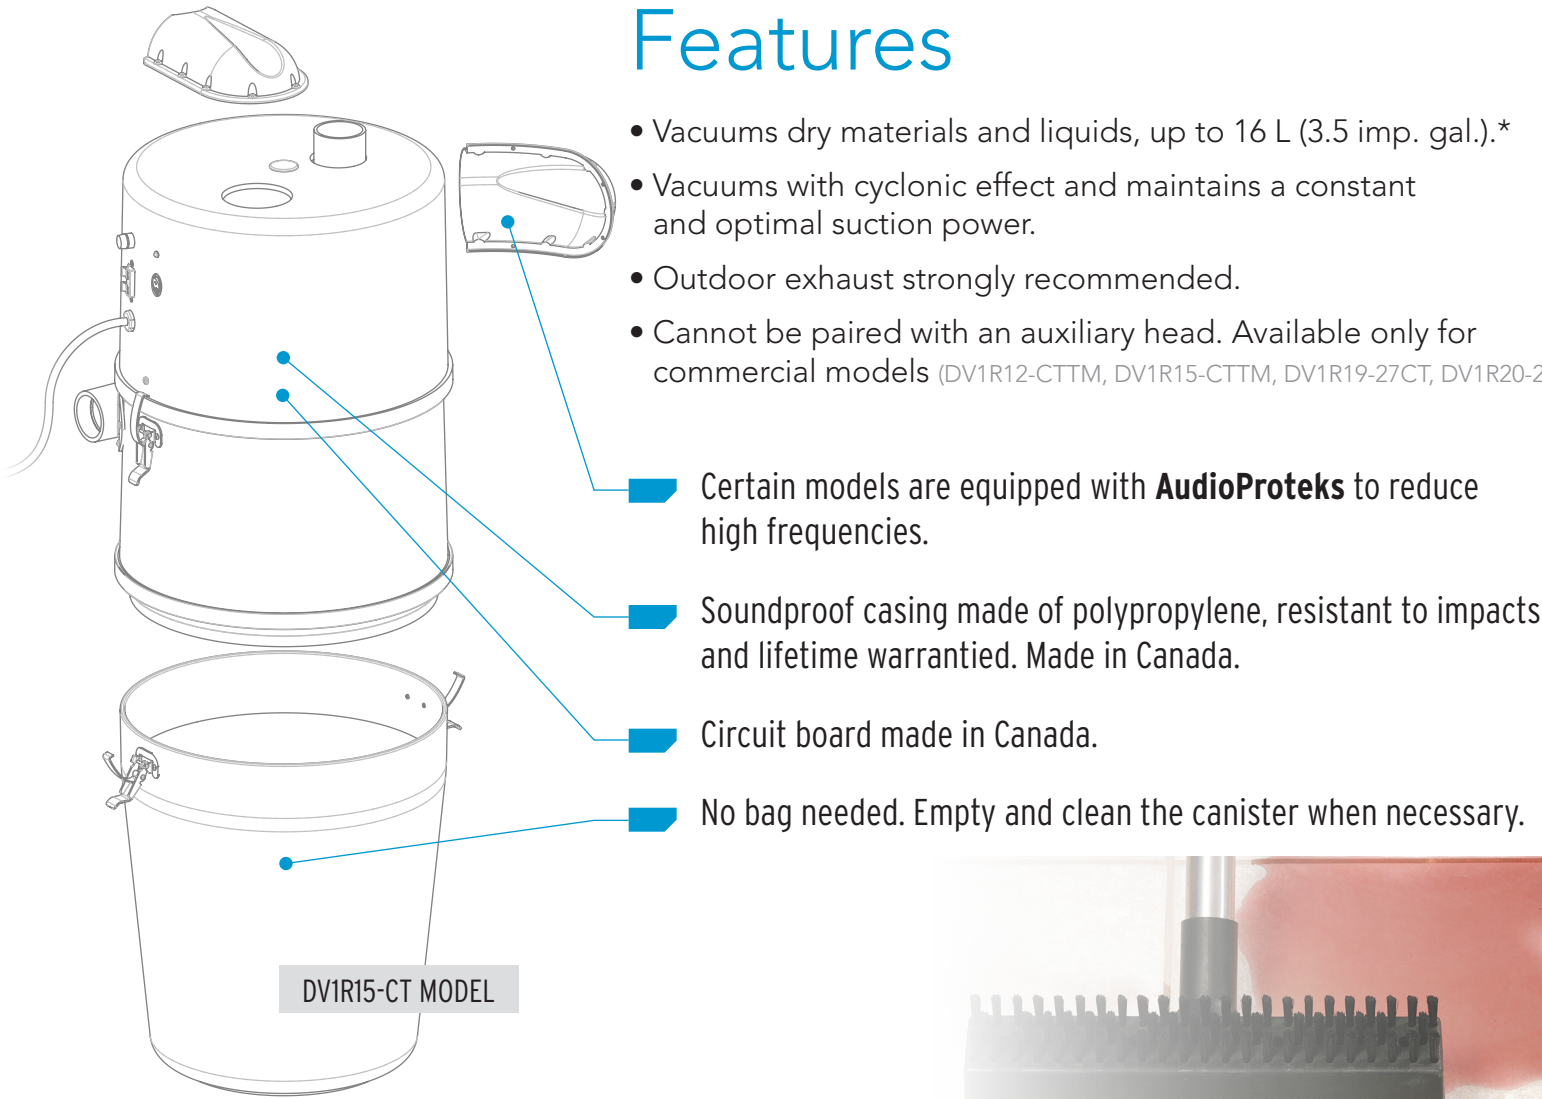

FILT28

FILT0601

The Cyclonik models operate with a foam filter or a cartridge filter.

- ### Features
- Vacuums dry materials and liquids, up to 16 L (3.5 imp. gal.).\*
  - Vacuums with cyclonic effect and maintains a constant and optimal suction power.
  - Outdoor exhaust strongly recommended.
  - Cannot be paired with an auxiliary head. Available only for commercial models (DV1R12-CTTM, DV1R15-CTTM, DV1R19-27CT, DV1R20-27CT).

\* Except for model DV1R800 for which we do not recommend vacuuming liquids. To vacuum a larger volume of liquid, please opt for an Automatik model.

# AUTOMATIK

SERIES

## SELF-FLUSHING SYSTEM

Vacuums  
solids

Vacuums  
liquids

Silent

Operates  
without a bag

Easy  
maintenance

Large  
capacity

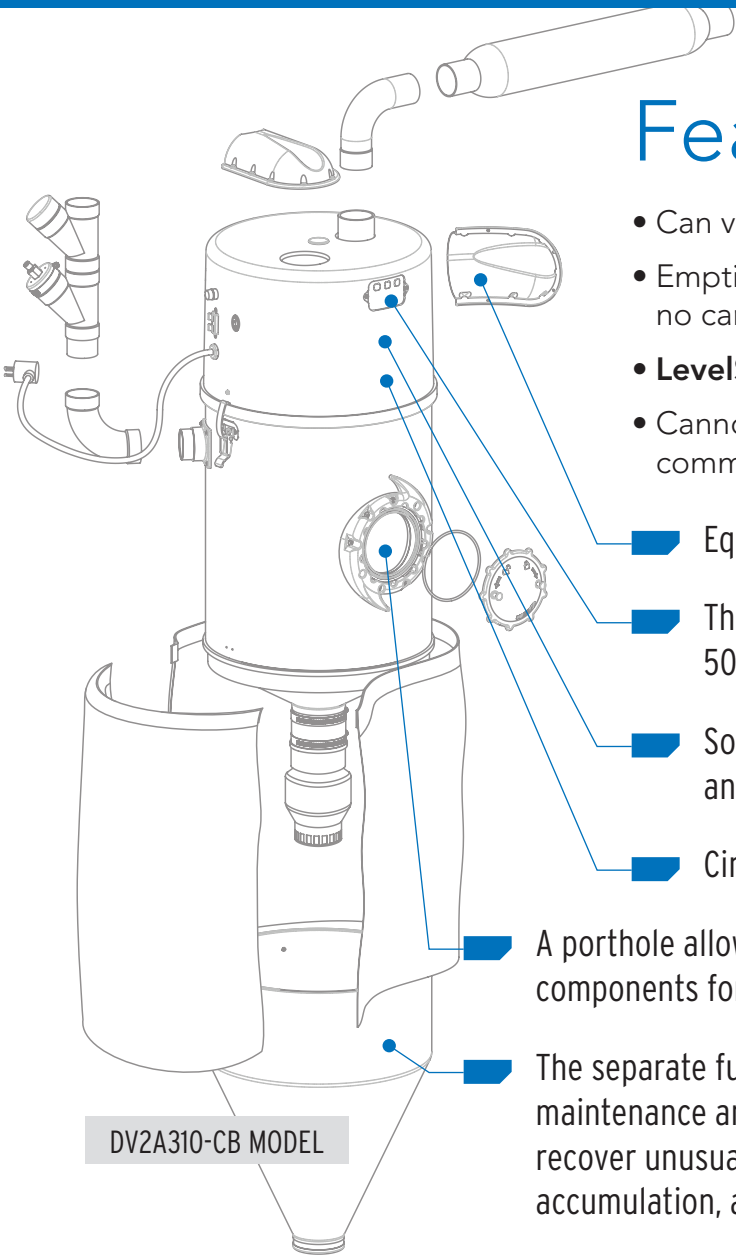

20 000 ft<sup>2</sup>  
(1 860 m<sup>2</sup>)

MODEL	DV1A180	DV2A310-CB
POWER	600 AW	2 x 355 AW
WATERLIFT	143 H <sub>2</sub> O	160 H <sub>2</sub> O
AIRFLOW	124 CFM	111 CFM
NOISE LEVEL	66 dB	70 dB
VOLTAGE	108V - 120V	
QTY. OF MOTORS	1	2
CAPACITY	7 gal. imp. (32 L)	6 imp. gal. (29 L)
HEIGHT	40" (102 cm)	65" (165 cm)
DIAMETER	12" (30 cm)	15" (38 cm)

The Automatik series does not need any bag or filter and evacuates its air outdoors.

Water is propelled into the unit's air inlet and just like the toilet, the unit empties itself directly into the drain.

## Features

- Can vacuum dry materials and large quantities of liquids.
  - Empties itself directly into the drain: no bag to replace, no canister to empty; everything is automated.
  - **LevelSMART**: stops and empties the unit when it is full.
  - Cannot be paired with an auxiliary head. Available only for commercial models (DV2A313-CB, DV2A31-27CB).
- Equipped with **AudioProteks** to reduce high frequencies.
  - The membrane adjusts the draining time of the unit, indicates the 500-hour count for a service maintenance and has an on/off switch.
  - Soundproof casing made of polypropylene, resistant to impacts and lifetime warrantied. Made in Canada.
  - Circuit board made in Canada.
  - A porthole allows you to reach internal components for maintenance.
  - The separate funnel facilitates maintenance and allows you to recover unusual materials, hair accumulation, animal fur, etc.

## THE ESSENTIALS FOR YOUR SYSTEM

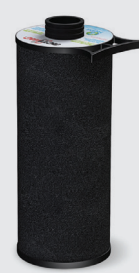

Disposable 2-ply paper dust bags or 3-ply cloth dust bags

SMS filter

Foam and cartridge filter

Activac 3 exhaust filter with activated charcoal membrane

## ENHANCE YOUR CLEANING EXPERIENCE WITH OUR SPECIALIZED TOOLS & ACCESSORIES

**Vacpan**

Sweep inlet, standard  
Available in white only

**Cansweep**

Sweep inlet, premium  
Available in white only

**Wallyflex**

Auxiliary hose  
Available in white or black

**Turbo Brush**

**Power Head With Wand**

\*Requires an electric hose.

**Hose Cover**

Choice of 30' (9 m) or 35' (10.5 m)

## SUGGESTED ACCESSORY KIT

35' (10.7 m) hose with power switch and button lock, tool set with small accessory hanger, metal hanger, cloth hanger, stainless telescopic wand with lock and a long crevice tool.

# DISCOVER OUR COMMERCIAL & INDUSTRIAL RANGE

Drainvac offers a wide **range of commercial and industrial products which can be combined with one another** to offer a configuration suited for every situation.

On the industrial level, **Drainvac is also specialized in designing customised devices** with power that can go up to **30 HP!**

**AN IMPRESSIVE NETWORK OF RETAIL OUTLETS  
THAT KEEPS ON EXPANDING!**
